

FFCC Covid Disinfecting Procedures

(All listed areas to be wiped with disinfectant but cleaned first if visibly dirty)

Wipes only to be used on light switches, fan switch, computer keyboard and mouse and phone. All equipment on the ice surface must be disinfected only using wipes. Wipes must be wet to disinfect. Wiping with a dry wipe is useless

One team per week, per league, will be assigned to arrive 15 min prior to the other members in the league to disinfect prior to curling.

Disinfection supplies will be in buckets on shelf above coat rack; one for Area #1 and one for Area #2. (Disinfectant wipes, cloths, ready to use disinfectant solution and disinfection list for the area)

Masks are to be worn prior to entering the building.

Disinfect hands. Remove outdoor shoes and place in cubby, put on your indoor shoes; you can go to your locker. **Disinfect hands**

-Two members of the team will be responsible for area #1 and

-Two members will be responsible for area #2.

- Skip and Vice for all teams responsible for Area #3.
